

DADE BEHRING

Dimension® clinical chemistry system

Dimension® products listed below contain chemicals but do not expose the user to a *chemical* hazard, as defined by OSHA Hazard Communication Standard, 29CFR 1910.1200, in normal use. Biological hazards, which some products may contain, are exempt from the standard. The following products thus do not require Material Safety Data Sheets (MSDS) and Dade Behring does not provide MSDS for these products:

Dimension® Calibration/Verification Products

| Catalog # | Product Name |
|------------------------|---|
| DC23 | ACP Acid Phosphatase Verifier |
| DC48 | AHDL Automated HDL Calibrator |
| DC37 | ALC Alcohol Calibrator |
| DC25 | AMON Ammonia Calibrator |
| DC16 | CHOL Cholesterol Calibrator |
| DC26 | CK Creatine Kinase Verifier |
| DC27 | CKMB Creatine Kinase-MB Verifier |
| DC49B, DC49C, DC49D | Drug Calibrator II |
| DC19 | Enzyme Verifier |
| RC440 | FERR Ferritin Calibrator |
| RC430 | HCG Human Chorionic Gonadotropin Calibrator |
| DC84 | IBCT Iron Binding Capacity Calibrator |
| DC21 | IRN/TIBC Iron/Total Iron Binding Capacity Calibrator |
| DC15A | LIP Lipase Calibrator |
| DC50 | PALB Prealbumin Calibrator |
| DC28 | PCHE Pseudocholinesterase Verifier |
| DC51 | Special Protein Calibrator |
| DC17 | TBIL/DBIL Total Bilirubin/Direct Bilirubin Calibrator |
| DC31 | TP/ALB Total Protein/Albumin Calibrator |
| RC410 | Thyroid Calibrator |
| DC14 | TU Thyronine Uptake Calibrator |
| DC13 | T4 Thyroxine Calibrator |

Dimension® ISE/IMT Products

| Catalog # | Product Name |
|------------|--|
| D124 | ISE External Verifier Kit |
| D102, D202 | ISE Standard A |
| D103A | ISE Standard B |
| D100, D200 | ISE Standard C |
| D106 | ISE Urine Diluent |
| S530/S535 | Multiply® IMT Urine Diluent |
| D107 | TCO ₂ Electrode Fill Solution |
